

The British Tunnelling Society Young Members Committee  
presents an evening of talks on

# Ground Treatment for Tunnelling Applications

On

Monday 5<sup>th</sup> September 2011 at 6.00pm

at the

Institution of Civil Engineers, Godfrey Mitchell Theatre  
One Great George Street, Westminster, London SW1P 3AA

The Committee wishes to invite you to a night of presentations focusing on three methods of ground treatment and their application in tunnelling projects. The following presentations will be given during the evening:

- Ground treatment using jet grouting and its application in tunnelling, by Basile Leconte (Bachy Soletanche)
- Compensation grouting and monitoring, by Mike Devriendt (Arup)
- Chemical ground treatment, by Lawrence Halls (TAM UK)

The evening will include a chance to pose your questions the speakers about their area of expertise, as well as network with engineers of all disciplines associated with the tunnelling industry.

---

### Advance booking not required

The event will be followed by a social in the ICE bar  
Drinks will be sponsored by TAM UK
